

MILLER® REVOLUTION 2-POINT HARNESS

PRODUCT INFORMATION

Engineered with a series of unique components and more than 11 key product features, the new Miller® Revolution 2-point harness is a must for the professional working at height.

PRODUCT FEATURES

- ⇒ Rear and frontal fall attachment points allowing for use in various fall protection applications.
- ⇒ Fully adjustable leg straps – designed to fit a greater range of leg profiles.
- ⇒ PivotLink™ connection for enhanced ergonomics with unique hip rotation.
- ⇒ ErgoArmor™ back shield with over-sized stand-up D ring enables easier connection to ancillary equipment. The knitted mesh membrane minimises moisture absorption and helps maintain optimal air circulation. The shield conforms to most back contours.
- ⇒ Self contained label pack for improved compliance. The integrated pack contains all information, standards labels and inspection record. Specialised label pack protects labels from damage and minimises loss. The label pack is also equipped with an oversized pull-free lanyard ring, enabling the user to temporarily park a lanyard.
- ⇒ Web finials for easy webbing adjustment. Clip on design organises webbing after wearer has finished adjusting the harness.
- ⇒ Integrated accessory system for greater convenience. PivotLink provides attachment points for accessories including drink bottle holders, mobile phone holders and tool pouches.
- ⇒ Custom Identification for better on-site coordination. Write on labels adhere to the harness back shield and enable the wearer to customise their harness with name, date of service.

TECHNICAL INFORMATION

- ⇒ Hybrid of DualTech™ & DuraFlex™ webbing for improved durability. DualTech is engineered with shape retention memory for a more comfortable fit and offers greater strength & contrasting colours making it easier to inspect. DuraFlex offers greater comfort and flexibility.
- ⇒ Weight 2 kg

STANDARDS

- ⇒ Certified to Australian and New Zealand Standards AS/NZS 1891.1-2007.

APPLICATIONS

- ⇒ Construction & Maintenance
- ⇒ Ladder Safety Systems
- ⇒ Roof Worker
- ⇒ Elevated Work Platforms
- ⇒ Tower Climbing
- ⇒ Static Line Systems
- ⇒ Order Pickers
